Andale Construction will be performing street maintenance in your area on behalf of **CITY OF TRAVIS COUNTY.** The product is a **High Density Mineral Bond** called **HA5.** You can learn more at **www.preserveasphalt.com.** This project will help to significantly extend the life of your asphalt streets. We ask for your cooperation during the process, and in return you will receive an improved road surface.

PLEASE TURN OFF SPRINKLERS ON DAY OF CLOSURE FOR YOUR SECTION

WHERE DO I PARK MY CAR? While your road is closed, you may park on the street in any open area outside the work zone. No vehicle will be allowed on the newly treated road surfaces until the road is reopened. Please do not park within 50 feet of any road being worked on.

WHAT IF MY CAR IS PARKED ON A ROAD THAT IS CLOSED? We will begin work at 7:00 A.M. and vehicles will be allowed to **exit the area up until 7:30 A.M.** The streets being treated will be **closed for 24hours.** If your vehicle is on a street that will be blocked by adjacent surfacing work, it will have to remain until the work is complete. If your vehicle is on the street when work begins, it will have to be towed to the end of the area.

WHAT IF I DRIVE ON THE ROAD WHILE IT'S CLOSED? Please do not attempt to drive on the road while it is closed as this may cause damage to your vehicle and several thousands of dollars of damage to the newly treated surface. **ANDALE CONSTRUCTION** is **NOT RESPONSIBLE** for damage to your vehicle or to the newly treated road surface.
